ABOUT US

The IMPROVET-AM project, funded by the European Commission under **Erasmus + CBVET 2023**, is a dedicated initiative aimed at improving qualifications within the health sector in Armenia, with a specific focus on **Dental Prosthesis** and **Health Care & Personal Assistance**. Beyond skill enhancement, the project extends to the development of comprehensive professional guidance for Armenian learners, families, and the broader public. By incorporating modern educational methods and embracing digital and eco-friendly approaches, the project strives to tailor training programs to meet both current and future demands of the job market.

ACTIVITIES

- **Creation of Innovative Training Modules:** Development of new and innovative training modules for both initial and continuing VET in Dental Prosthesis and continuing Vocational Education and Training (VET) in Health Care & Personal Assistance sectors.
- **Implementation of Modern Pedagogical Approaches:** Integration of new training materials and pedagogical approaches, leveraging digital tools and sustainable practices
- **Capacity Building:** Enhancement of capacities of teachers and management staff and policy makers through targeted capacity-building initiatives.
- **Strengthening the Skillset of Guidance Operators:** Equipping guidance operators with innovative practices and tools to effectively address diverse guidance needs for students and adults

OBJECTIVES

- 1 **Promote VET Excellence:** Improve and promote VET in Armenia.
- 2 **Foster Collaboration:** Strengthen cooperation between VET centers and companies for mutual fertilization.
- 3 **Enhance Employability:** Better align VET curricula with industry needs to improve Armenian learners' job prospects.
- 4 **Boost Skills Development:** Improve upskilling for professionals and skills recognition.
- 5 **Ensure Accessible Education:** Allow all Armenian learners, even those from remote and rural areas, to access qualitative initial and continuous VET, in a lifelong learning process
- 6 **Improve Career Guidance:** Enhance professional guidance services for learners, families, and the public.
- 7 **Advance Healthcare:** Support the Health sector, especially in dental prosthesis and health-care & personal assistance, by enhancing qualifications and embracing digital and green transitions.

Expected Impact

- Strong industry-education linkages
- Updated and relevant training modules
- Enhanced relevance and quality of VET
- Competitive workforce
- Enhanced career guidance and support services
- Enhanced skills and competencies of managers, trainers and practitioners
